pay·pod™

Hello,
We're Your
New
Cashier Assistants!

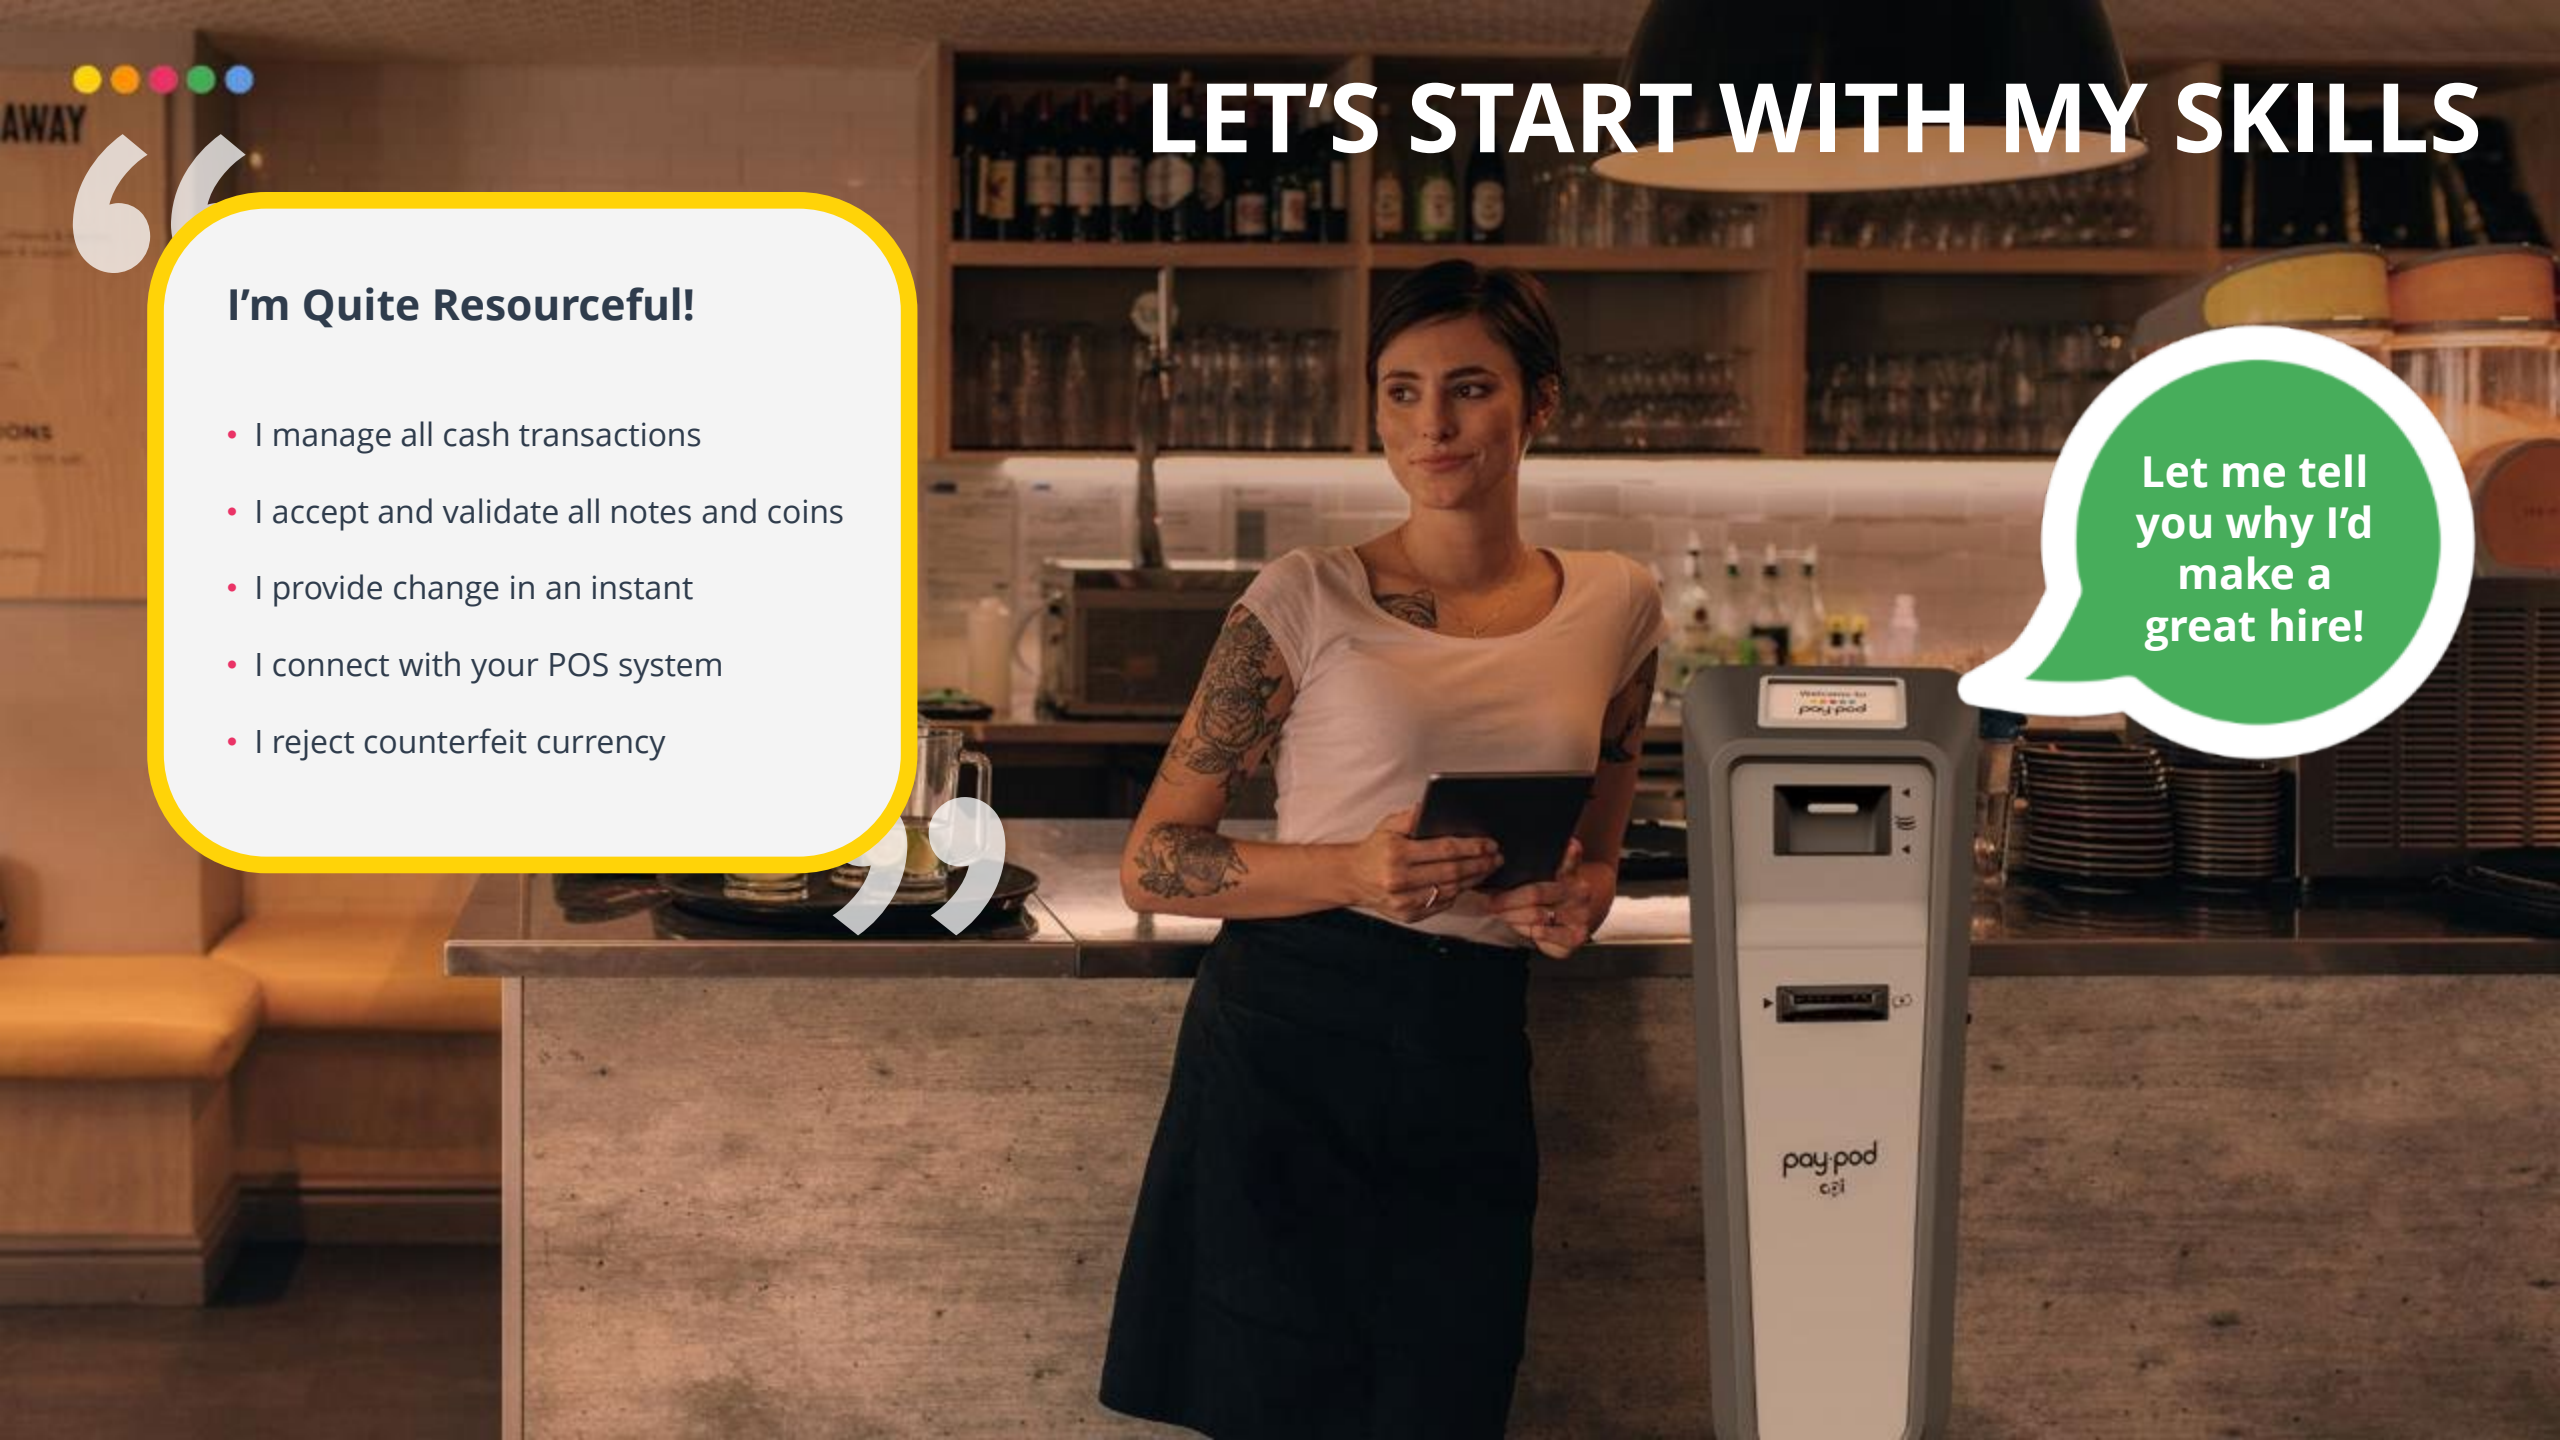
Nice to meet you, **I'm Paypod!**
MIKE
ME
"I'm Paypod, the newest member of your staff. I **automate all cash transactions** at the point of sale so that Mike here can focus on crafting a great cup of coffee and making his customers smile."

LET'S START WITH MY SKILLS

I'm Quite Resourceful!

- I manage all cash transactions
- I accept and validate all notes and coins
- I provide change in an instant
- I connect with your POS system
- I reject counterfeit currency

Let me tell you why I'd make a great hire!



WHY PAYPOD?

FAST

- Instant POS connection
- High speed bill and coin recyclers with large capacity

ROBUST

- Proven and mature technology
- In-house development and engineering
- Full control of production line (no 3rd party parts assembly)

RELIABLE

- Components designed for the point of sale
- Millions of customers currently using trusted components
- More than 10 million CPI devices in the field

Next

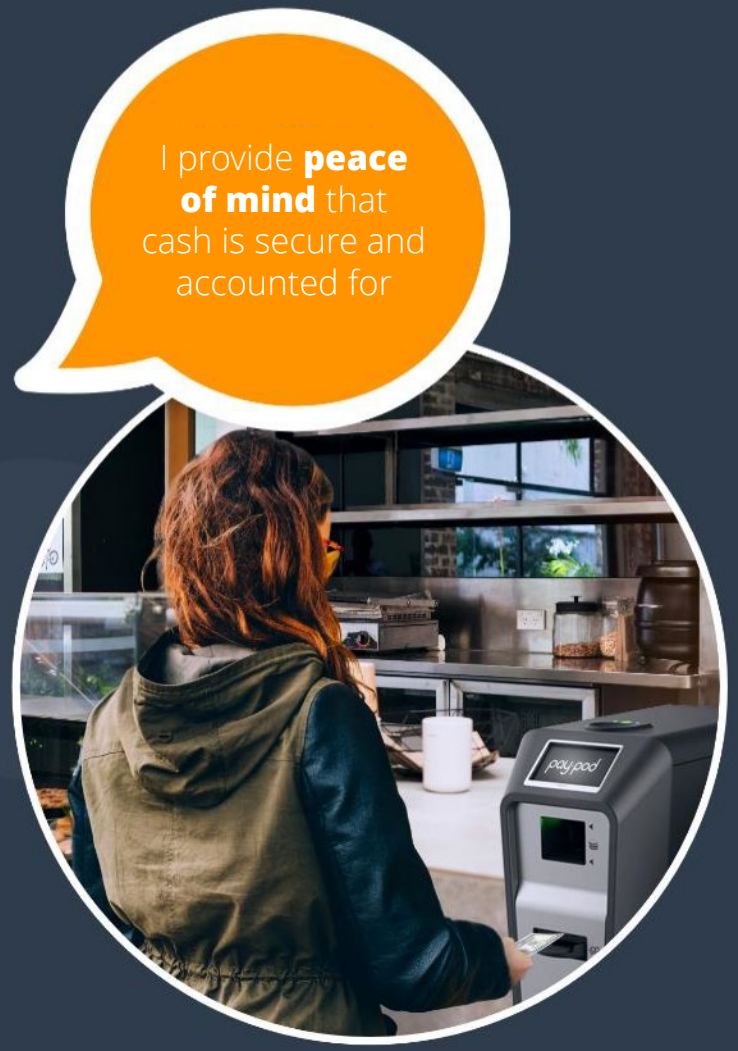
The **fastest** way to handle cash – stop wasting time counting cash!

- No need to count cash
- Easier shift swaps
- Spend less time going to the bank
- Save 11 seconds per transaction on average
- Increase customer throughput
- Manage discrepancies
- Free up employees to focus on your customers

Next

The most secure way to handle cash...

- Reduce Cash Loss
- Eliminate Counterfeits
- Mitigate Human Error
- Float Management



Next

The **cleanest** way to handle cash – don't waste time & money changing gloves

- Cashier never touches the cash
- Prevent employees from handling customers' money , which carries bacteria
- Comply with regulations around employees touching cash and handling food

Next

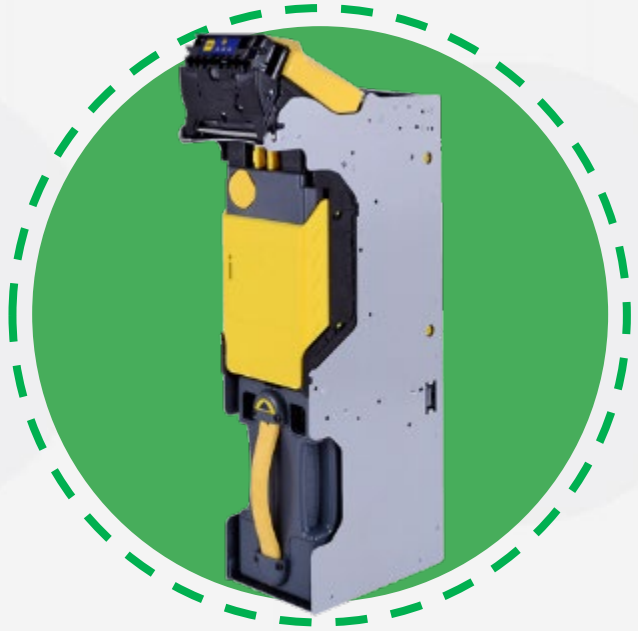
WHAT'S INSIDE?

CPI's trusted Note and Coin Recyclers are the foundation of Paypod's performance

SCR ADVANCE BANKNOTE RECYCLER



- Single note feed, in and out
- 2-denomination recycling
- **120-note** recycler capacity
- **600-note** cassette

BNR BANKNOTE RECYCLER

- **2 x faster** than the SCR Advance
- Single note feed in, bulk note out
- 4-denomination recycling
- **180-note recycler** capacity
- **600-note cassette**

CLS COIN RECYCLER

- High speed **increases throughput**
- High capacity for **fewer refills**

CONNECT WITH US

Connect to your POS software with no development work

POSlinq™ instantly connects any existing Windows® POS to CPI cash handling devices – no development required

- Completely **transparent to the POS software**
- **No development required**, saving months of development
- **Several POS systems can link to one** Paypod device

CONNECTION MADE SIMPLE

Three choices to connect Paypod to your existing POS Software

POSlinq™ Interface Software

- **Instant automation** – No development required, saving months of time
- Completely transparent to the POS software
- Basic **cash management functions**
- Supports **Windows 7 or greater**

MIDDLEWARE Existing Integrations

- Paypod is **already integrated into various middleware solutions** and continues to build integrations with many more in the near future

UNIVERSAL API Software Development Kit

- **Reduced time to market** compared to full integration
- **Increased functionality** compared to POSlinq
- Supports **Windows 7** or greater and **Linux**
- **Remote device management**
